

Surveys and National Family Health Survey which give important insight into effectiveness of various strategies under NRHM.

(d) NRHM is being operationalized throughout the country, with special focus on 18 States which have relatively poor health and demographic indicators and health delivery infrastructure. These include the States of Bihar, Jharkhand, Madhya Pradesh, Chhattisgarh, Uttar Pradesh, Uttaranchal, Orissa, Rajasthan, Assam, Tripura, Manipur, Mizoram, Nagaland, Sikkim, Meghalaya, Arunachal Pradesh, Himachal Pradesh and Jammu and Kashmir. Special measures have been taken to make the NRHM successful in these States. The progress of initiatives under NRHM is being closely monitored in these States. The Implementation Framework of NRHM envisages a trained female community health worker called Accredited Social health Activist (ASHA) in these States. The management capacity in the health sector in these States has also been augmented. Under NRHM, the Government is supporting State, District and Block level Programme Management Units which comprise professionals including MBAs, Chartered Accountants, computer experts etc.
